

# Case Study Framework

Use the illustrated story (comic) and supporting materials to try and respond to the questions and prompts.

Where is this case study located? (country, region, continent etc)

What is it like here? (physically, politically, economically, socially)

What more can you find out about this place?

Place

How might it feel to live in this place?

# Case Study Framework

Use the illustrated story (comic) and supporting materials to try and respond to the questions and prompts.

## Issues

What if water were not available to you?

What are the issues here?

Why might these issues be important?

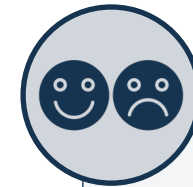

How might these issues create tensions?

# Case Study Framework

Use the illustrated story (comic) and supporting materials to try and respond to the questions and prompts.

**People**

Who do you most connect with? What would you want to ask them?

**Who are the different stakeholders involved?**

**Who is affected?**

**Who is responsible?**

**How might people be differently impacted?  
Are some more vulnerable than others?**

# Case Study Framework

Use the illustrated story (comic) and supporting materials to try and respond to the questions and prompts.

## Solutions

If you lived here what would a solution mean to you?

Why might being involved in a solution be important?

How do people respond?

Are there any solutions to the situation?

What is needed to make the solution possible?
